

Name: *Michael Anderson*

Address: 45 Oakwood Drive, Springfield, IL 62704

Phone: 217 890-4521

Email: michael.anderson.dev@gmail.com

Objective

Innovative and detail-oriented software engineer passionate about building efficient and scalable systems. Seeking a position in a forward-thinking company where I can apply my technical expertise to drive impactful solutions.

Summary of Qualifications

- Bachelor of Science in Computer Science from University of Illinois
- Skilled in Python, JavaScript, and Go
- Strong experience with React, Node.js, and Express
- Proficient in RESTful API design and microservice architecture
- Excellent debugging, analytical, and problem-solving abilities
- Strong communication and collaboration skills in Agile teams

Education

Bachelor of Science in Computer Science

University of Illinois, Urbana-Champaign

GPA: 3.8 / 4.0

Technical Skills

- **Languages:** Python, JavaScript (Node.js), Go
- **Web Frameworks:** React, Express, Flask
- **Database:** MySQL, MongoDB, Firebase
- **Version Control:** Git, GitHub
- **DevOps Tools:** Docker, Jenkins
- **OS:** Linux, macOS

Experience

Software Engineer | NovaTech Systems

- Built and deployed REST APIs for inventory management systems using Flask and MongoDB
- Optimized SQL queries, improving performance by 25%
- Integrated third-party payment gateways (Stripe, PayPal)
- Collaborated with a 6-member Agile team to deliver weekly sprints

Intern | BrightCode Labs

- Assisted in developing React-based dashboards for internal analytics
- Wrote unit tests to ensure 95% code coverage
- Participated in daily stand-ups and sprint retrospectives

Projects

- **TaskFlow:** A task management web app built with React, Node.js, and MongoDB
- **WeatherInsight:** Developed a weather tracking dashboard using Flask and OpenWeather API

Certifications

- Google Cloud Associate Engineer
- Microsoft Azure Fundamentals

Languages

- English (Fluent)
- French (Intermediate)
